

About the Baldridge Performance Excellence Program

Created by Congress in 1987, the Baldridge Program helps organizations improve and succeed in the competitive global marketplace. It is the only public-private partnership and Presidential award program dedicated to improving U.S. organizations. In collaboration with the greater Baldridge community, the Baldridge Program offers a systems approach to organizational excellence, award-winning leadership development, self-assessment tools, organizational assessments by teams of trained experts, presentations and workshops on how to improve, and conferences and other events that showcase best management practices.
